Technical support for WLID Website Design Update for Network of Women Legislators in Defence, Security and Peace (WLID)

The Parliamentary Centre is the Secretariat for the Network of Women Legislators in Defence, Security and Peace (WLID). WLID is an initiative to harness the experiences of women legislators who are active in policy debates related to defence, security, and peace in order to:

- exchange approaches,
- provide mentorship,
- share information on legislative frameworks,
- identify supportive interventions,
- provide research support to further enhance the contribution of women to more inclusive, peaceful, and prosperous societies.

As a network with members from all over the world, the WLID uses different communication tools, including a website, to share information to network memes but establish platforms where members can access resources the Secretariat shares in a safe and secure manner. The Parliamentary Centre is seeking an individual with experience in website and graphic design to assist WLID Staff. The incumbent should have experience in website design, maintenance, and regular user of WordPress. The candidate is expected to complete this task in 3 or less days, with all website updates to be completed by **January 31st, 2024**. This is an hourly pay job.

Interested individuals should send their interest to this email: evodius.rutta@parlcent.org by **January 20th, 2024**, and state their expected pay rate.
